

KIPP NATURE grip

KIPP NATURE grip operating parts made of bio-plastic are a sustainable alternative to our standard versions. These products are available in a black grey version, as well as in a unique wooden design.

Note:

- Good mechanical strength (tested to a minimum of 2x safety factor).
- Suitable for outdoor use (weather resistant).
- Good chemical resistance.

Advantages:

- This biopolymer is manufactured entirely from renewable raw materials (oil free).
- Good CO₂ impact compared to petroleum-based plastics.
- Conservation of finite fossil resources.
- The wood fibres originate 100% from local, sustainably managed forests in Germany.
- Biopolymer is suitable for recycling (comparable to thermoplastics).
